SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

<table>
<thead>
<tr>
<th>Product form</th>
<th>Mixture</th>
</tr>
</thead>
<tbody>
<tr>
<td>Product name</td>
<td>All Purpose Sand</td>
</tr>
<tr>
<td></td>
<td>Play Sand</td>
</tr>
<tr>
<td></td>
<td>Tube Sand</td>
</tr>
<tr>
<td></td>
<td>Paver Sand</td>
</tr>
<tr>
<td></td>
<td>Bagged Sand</td>
</tr>
<tr>
<td></td>
<td>All Purpose Gravel</td>
</tr>
<tr>
<td></td>
<td>Pool Filter Sand</td>
</tr>
</tbody>
</table>

1.2. Relevant identified uses of the substance or mixture and uses advised against

| Use of the substance/mixture | Construction, home projects, play sand, vehicle stability. |

1.3. Details of the supplier of the safety data sheet

Precision Packaging Inc. or Materials Packaging Corporation
10809 Executive Center, Suite 321
Little Rock, AR 72211
T 501-224-3372

1.4. Emergency telephone number

| Emergency number | CHEMTREC (800) 424-9300 |

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

GHS-US classification
Acute toxicity 4 (Oral)
Carcinogenicity 1A
Specific Target Organ Toxicity After Repeated Exposure 1

2.2. Label elements

GHS-US labelling
| Hazard pictograms (GHS-US) | ! [GH507] | ! [GH508] |

| Signal word (GHS-US) | Danger |
| Hazard statements (GHS-US) | Harmful if swallowed. May cause cancer. Causes damage to lungs through prolonged or repeated exposure. |
| Prevention statements (GHS-US) | Read label before use. Do not handle until all safety precautions have been read and understood. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves and clothing as well as eye protection. Do not breathe dust. Use the proper respirator, when necessary, to avoid injury. |
| Response statements (GHS-US) | If swallowed: Immediately call a doctor. Rinse mouth. If exposed or concerned: Get medical attention. |
| Storage statements (GHS-US) | Store locked up. |
| Disposal statements (GHS-US) | Dispose of contents and container in accordance with all local, state and federal regulations. |
| Supplemental Information | Read and Follow all precautions listed in the Safety Data Sheet available on request or at Ashgrovepkg.com. Additional information on the selection and use of respirators can be found in the NIOSH Respirator Selection Logic (DHHS [NIOSH] Publication No. 2005-100) and the NIOSH Guide to Industrial Respiratory Protection (DHHS [NIOSH] Publication No. 87-116) available at http://www.cdc.gov/niosh/docs/87-116/. Do NOT use this product for sand blasting. This product contains greater than 0.1% crystalline silica. Crystalline silica has been linked to cancer, silicosis, and other lung problems in conditions of prolonged airborne over-exposure. |

2.3. Other hazards

| Other hazards not contributing to the classification | Not applicable. |

SECTION 3: Composition/information on ingredients

3.1. Substance

Not applicable.
**Sand Products**

**Safety Data Sheet**

### 3.2. Mixture

<table>
<thead>
<tr>
<th>Name</th>
<th>Product identifier</th>
<th>%</th>
<th>GHS-US classification</th>
</tr>
</thead>
<tbody>
<tr>
<td>Quartz</td>
<td>(CAS No) 14808-60-7</td>

<td>Acute Tox. 4 (Oral), H302 Carc. 1A, H350 STOT RE 1, H372</td>
</tr>
</tbody>
</table>

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

First-aid measures after inhalation: If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical advice/attention if you feel unwell.

First-aid measures after skin contact: If irritation occurs, flush skin with plenty of water. Remove contaminated clothing and shoes. Wash clothing before reuse. Call a physician if irritation develops and persists.

First-aid measures after eye contact: In case of contact, immediately flush eyes with plenty of water. Remove contact lenses, if worn. If irritation persists, get medical attention.

First-aid measures after ingestion: If swallowed, do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Get medical attention if distress develops.

#### 4.2. Most important symptoms and effects, both acute and delayed

**Symptoms/injuries after inhalation:** May cause respiratory tract irritation.

**Symptoms/injuries after skin contact:** May cause skin irritation. Symptoms may include skin abrasion and redness.

**Symptoms/injuries after eye contact:** May cause eye irritation. Symptoms may include discomfort or pain, excess blinking and tear production, with marked redness and swelling of the conjunctiva.

**Symptoms/injuries after ingestion:** Harmful if swallowed. May cause stomach distress, nausea or vomiting.

#### 4.3. Indication of any immediate medical attention and special treatment needed

No additional information available.

### SECTION 5: Firefighting measures

#### 5.1. Extinguishing media

Suitable extinguishing media: Treat for surrounding material.

#### 5.2. Special hazards arising from the substance or mixture

**Fire hazard:** None.

#### 5.3. Advice for firefighters

**Protection during firefighting:** Keep upwind of fire. Wear full fire fighting turn-out gear (full Bunker gear) and respiratory protection (SCBA).

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

**General measures:** Use personal protection recommended in Section 8. Clean up quickly and avoid generating dust. Wear suitable respiratory protection if dusty conditions arise. Avoid contact with eyes.

#### 6.2. Methods and material for containment and cleaning up

**For containment:** Contain spill, then place in a suitable container. Minimize dust generation. Do not flush to sewer or allow to enter waterways. Use appropriate Personal Protective Equipment (PPE).

**Methods for cleaning up:** Vacuum or sweep material and place in a disposal container. Provide ventilation.

#### 6.3. Reference to other sections

See section 8 for further information on protective clothing and equipment and section 13 for advice on waste disposal.

### SECTION 7: Handling and storage

#### 7.1. Precautions for safe handling

**Precautions for safe handling:** Avoid contact with eyes. Do not swallow. Avoid generating and breathing dust. Good housekeeping is important to prevent accumulation of dust. The use of compressed air for cleaning clothing, equipment, etc. is not recommended. When using do not eat, drink or smoke. DO NOT use product for sand blasting.

**Hygiene measures:** Launder clothing before reuse. Wash hands before eating, drinking, or smoking.

#### 7.2. Conditions for safe storage, including any incompatibilities

**Storage conditions:** No special storage requirements are needed.

#### 7.3. Specific end use(s)

No additional information available.
SECTION 8: Exposure controls/personal protection

8.1. Control parameters

<table>
<thead>
<tr>
<th>Quartz (14808-60-7)</th>
</tr>
</thead>
<tbody>
<tr>
<td>USA ACGIH</td>
</tr>
<tr>
<td>USA OSHA</td>
</tr>
<tr>
<td></td>
</tr>
<tr>
<td></td>
</tr>
<tr>
<td></td>
</tr>
<tr>
<td></td>
</tr>
</tbody>
</table>

8.2. Exposure controls

Appropriate engineering controls: Use ventilation adequate to keep exposures (airborne levels of dust, fume, vapor, etc.) below recommended exposure limits.

Hand protection: Wear standard work gloves (leather, cotton, coated cotton, etc.) as needed to prevent abrasion.

Eye protection: Safety glasses or goggles are recommended when using product.

Skin and body protection: Wear suitable clothing common to do-it-yourself projects.

Respiratory protection: A NIOSH approved respirator is recommended in poorly ventilated areas or when permissible exposure limits may be exceeded. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.

Environmental exposure controls: Maintain levels below Community environmental protection thresholds.

Other information: Do not eat, smoke or drink where material is handled, processed or stored. Wash hands carefully before eating or smoking. Handle according to established industrial hygiene and safety practices.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state: Solid.
Appearance: Granular.
Colour: Tan.
Odour: Odorless.
Odour threshold: No data available.
Ph: No data available.
Relative evaporation rate (butylacetate=1): No data available.
Melting point: No data available.
Freezing point: No data available.
Boiling point: No data available.
Flash point: No data available.
Self-ignition temperature: No data available.
Decomposition temperature: No data available.
Flammability (solid, gas): Not flammable.
Vapour pressure: No data available.
Relative vapour density at 20 °C: No data available.
Relative density: 2.4
Solubility: No data available.
Log Pow: No data available.
Log Kow: No data available.
Viscosity, kinematic: No data available.
Viscosity, dynamic: No data available.
Explosive properties: No data available.
Oxidising properties: No data available.
Explosive limits: No data available.

9.2. Other information

VOC content: 0

SECTION 10: Stability and reactivity

10.1. Reactivity

No dangerous reaction known under conditions of normal use.

10.2. Chemical stability

Stable under normal conditions.
10.3. Possibility of hazardous reactions
No dangerous reaction known under conditions of normal use.

10.4. Conditions to avoid
Incompatible materials.

10.5. Incompatible materials
None known.

10.6. Hazardous decomposition products
None known.

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute toxicity: Harmful if swallowed.

Quartz (14808-60-7)
LD50 oral rat: 500 mg/kg

Sand Products
ATE (oral): 500 mg/kg, rat
ATE (dermal): No data available.
ATE (inhalation): No data available.

Skin corrosion/irritation: Based on available data, the classification criteria are not met.
Serious eye damage/irritation: Based on available data, the classification criteria are not met.
Respiratory or skin sensitisation: Based on available data, the classification criteria are not met.
Germ cell mutagenicity: May cause cancer.

Quartz (14808-60-7)
IARC group: 1
National Toxicology Program (NTP) Status: 2

Reproductive toxicity: Based on available data, the classification criteria are not met.
Specific target organ toxicity (single exposure): Causes damage to lungs through prolonged or repeated exposure. (Respirable crystalline silica in the form of quartz or cristobalite from occupational sources is listed by the International Agency for Research on Cancer (IARC) and National Toxicology Program (NTP) as a lung carcinogen. Prolonged exposure to respirable crystalline silica has been known to cause silicosis, a lung disease, which may be disabling. While there may be a factor of individual susceptibility to a given exposure to respirable silica dust, the risk of contracting silicosis and the severity of the disease is clearly related to the amount of dust exposure and the length of time (usually years) of exposure.)
Specific target organ toxicity (repeated exposure): Based on available data, the classification criteria are not met.

Aspiration hazard: Based on available data, the classification criteria are not met.
Symptoms/injuries after inhalation: May cause respiratory tract irritation.
Symptoms/injuries after skin contact: May cause skin irritation. Symptoms may include skin abrasion and redness.
Symptoms/injuries after eye contact: May cause eye irritation. Symptoms may include discomfort or pain, excess blinking and tear production, with marked redness and swelling of the conjunctiva.
Symptoms/injuries after ingestion: Harmful if swallowed. May cause stomach distress, nausea or vomiting.

SECTION 12: Ecological information

12.1. Toxicity
Ecology - general: No ecological consideration when used according to directions. Normal dilution of this product to drains, sewers, septic systems and treatment plants is not considered environmentally harmful.

12.2. Persistence and degradability

Sand Products
Persistence and degradability: No data available.

12.3. Bioaccumulative potential

Sand Products
Bioaccumulative potential: No data available.

12.4. Mobility in soil

Sand Products
Ecology - soil: No data available.
12.5. Other adverse effects
Other adverse effects: No data available.

SECTION 13: Disposal considerations
13.1. Waste treatment methods
Waste disposal recommendations: This material must be disposed of in accordance with all local, state, provincial, and federal regulations.

SECTION 14: Transport information
In accordance with DOT:
14.1. UN number
Not applicable.
14.2. UN proper shipping name
Not applicable.
14.3. Additional information
Other information: No supplementary information available.

15.1. US Federal regulations
Quartz (14808-60-7)
Listed on the United States TSCA (Toxic Substances Control Act) inventory

15.3. US State regulations
Sand Products
State or local regulations: This product contains Crystalline Silica, Quartz and may also contain trace amounts of other chemicals known to the State of California to cause cancer, birth defects or other reproductive harm.

Quartz (14808-60-7)
U.S. - California - Proposition 65 - Carcinogens List
Yes. No.
U.S. - California - Proposition 65 - Developmental Toxicity
U.S. - California - Proposition 65 - Reproductive Toxicity - Female
U.S. - California - Proposition 65 - Reproductive Toxicity - Male
No significance risk level (NSRL)
Yes. No. No. No.

SOURCE AGENCY CARCINOGEN CLASSIFICATIONS:

IARC (I)
International Agency for Research on Cancer.
1 - Carcinogenic to humans;
2A - Probably carcinogenic to humans;
2B - Possibly carcinogenic to humans;
3 - Not classifiable;
4 - Probably not carcinogenic to humans.

NTP (N)
National Toxicology Program.
1 - Evidence of Carcinogenicity;
2 - Known Human Carcinogens;
3 - Reasonably anticipated to be Human Carcinogen;
4 - Substances delisted from report on Carcinogens;
5 - Twelfth Report - Items under consideration.

SECTION 16: Other information
Date of issue: 11/15/2013
Revision date: 01/21/2015
Version: 1.1

NFPA health hazard: 2 - Intense or continued exposure could cause temporary incapacitation or possible residual injury unless prompt medical attention is given.

NFPA fire hazard: 0 - Materials that will not burn.

NFPA reactivity: 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.
